

Made in small batches with locally-sourced ingredients in Dickinson, ND

WOODY'S EASY KEEPER

PELLETED FORMULA

Grain-free pelleted feed designed to provide essential nutrition for easy keepers | Available in 50 lb (22.67 kg) bags

WOODY'S EASY KEEPER IS IDEAL FOR

- Horses in at maintenance or in light work
- Horses with metabolic issues

Woody's Easy Keeper is grain-free and ideal for horses who need concentrated nutrients in a lower feeding rate. Flax as a fat source provides omega-3 fatty acids to help prevent inflammation without overdoing it on calories. Moderate crude protein with added amino acids like Lysine and Methionine target muscle health without taxing the kidneys. Low starch and high fiber are combined with chelated minerals and probiotics to promote optimal digestive health while managing weight and other metabolic issues.

Feeding Instructions: Feed between 0.2 and 0.4 pounds of Easy Keeper per 100 pounds of body weight depending on work intensity, body condition and forage quality. If feeding more than 0.4 pounds per 100 pounds body weight, switch to another Woody's formula such as Woody's Complete. Feed alongside a minimum of 1.5% of horse body weight of good quality hay or pasture. Always provide fresh, clean water. Any change in feed or feeding routine should be done gradually over a 1 to 2-week period.

GUARANTEED ANALYSIS

Crude Protein (min)	12.50%
Lysine (min)	0.90%
Methionine	0.45%
Crude Fat (min)	5.00%
