

WOODY'S
HORSE NUTRITION

Made in small batches with locally-sourced ingredients in Dickinson, ND

WOODY'S RATION BALANCER

PELLETED FORMULA

Grain-free, low starch concentrated feed for all horses | Available in 50 lb (22.67 kg) bags

WOODY'S RATION BALANCER IS IDEAL FOR

- Horses who maintain weight on hay or pasture alone
- Horses at maintenance or low work
- Horses with metabolic issues
- Horses fed unfortified feed such as plain oats

Woody's Ration Balancer is a low starch, grain-free pelleted feed designed to fully balance your horse's forage ration at a low feeding rate. Made with soybean meal, alfalfa, and beet pulp, Ration Balancer provides a concentrated source of protein, vitamins and minerals without overdoing it on calories. Probiotics and chelated minerals such as Zinc and Copper Proteinates promote digestive health and nutrient absorption. Amino acids aid recovery and rebuild muscle. Flaxseed provides omega-3 fatty acids, helping to reduce inflammation.

Feeding Instructions: Feed a minimum of 0.1 pounds of Ration Balancer per 100 pounds of body weight depending on work intensity, body condition and forage quality. Feed alongside a minimum of 1.5% of bodyweight of good quality hay or pasture. Always provide fresh, clean water. Any change in feed or feeding routine should be done gradually over a 1 to 2-week period.

GUARANTEED ANALYSIS

Crude Protein (min)	30.00%
Lysine (min)	1.85%
Methionine	0.60%
