

Cool-Mix is a specialty feed with easy digestible proteins from alfalfa and with extra spelt wheat. This healthy muesli has a low and slow-releasing energy content. For this reason, it is named "Cool-Mix". The Cool-Mix is very suitable for all ponies, recreation horses and horses at rest. Helps nervous horses.

The Cool-Mix contains a high level of Beta-Carotene (from alfalfa) and also many micronized cereals (including heat-treated wheat, corn and barley flakes). The high content of natural spelt wheat stimulates the digestion and maintains calmness. Additionally, linseed oil is added to the muesli.
