Bluebonnet Feeds

AND PROBIOTICS

Prebiotics and probiotics help horses absorb more nutrition from their diet and support normal healthy function of the digestive tract and immune system.

VITAMIN SOURCES

Bluebonnet® Feeds uses only USA and European-sourced, human-grade vitamins. This ensures the highest quality and most stable vitamin package possible.

ORGANIC CO MINERALS

Chelated minerals are more easily absorbed into the horse's bloodstream. This results in a more effective nutrition program with fewer minerals being excreted as waste.

"COOL ENERGY" CALORIES

Plant-derived oils, rich in essential omega fatty acids, are a safe way to increase shine, improve endurance, and add extra weight or body condition to your horses.

INGREDIENT LISTING

Every ingredient is listed by its True Name on the tag. This offers full transparency of the quality ingredients going into each bag of feed.

RINTIN

B-Vitamins such as biotin are helpful in building strong healthy hoof wall as well as supporting recovery time after exercise and hauling.

INGREDIENT

Raw ingredients are tested prior to being accepted by the mill, and only the highest standard of ingredients are used. This allows all Bluebonnet® horse feeds to have a Locked-Formula policy which ensures ultimate consistency from batch to batch.

HOSEMAN'S WARE + FOAL

GUARANTEED ANALYSIS

Crude Protein	Min	16.00%
Lysine	Min	0.90%
Crude Fat	Min	8.00%
Crude Fiber	Max	15.00%
Acid Detergent Fiber	Max	23.50%
Neutral Detergent Fiber	Max	34.00%
Calcium	Min	1.00%
Calcium	Max	1.50%
Phosphorus	Min	0.70%
Magnesium	Min	0.30%
Potassium	Min	0.90%
Copper	Min	70 ppm
Zinc	Min	220 ppm
Manganese	Min	220 ppm
Selenium	Min	0.50 ppm
Vitamin A	Min	5,000 IU/lb
Vitamin D	Min	750 IU/lb
Vitamin E	Min	125 IU/lb
Biotin	Min	0.45 mg/lb

PROBIOTICS

Total Active Bacteria, min, 22.4 Million CFU/lb (Lactobacillus acidophilus, Lactobacillus casei, Bifidobacterium thermophilum, Enterococcus faecium)

DAILY FEEDING DIRECTIONS:

All Horses: Feed quality hay at a minimum of 1.5% to 2.0% of horse's body weight. Adjust feeding rates based on desired body condition and forage quality.

Breeding/Growing

Pregnant Mares: Feed 0.75 to 1.0 lb per 100 lb body weight. Lactating Mares: Feed 1.0 to 1.25 lb per 100 lb body weight. Growing Horses: Feed 1.0 to 1.25 lb per 100 lb body weight.

Mature Performance Horses

Feed 0.5 to 1.25 lb per 100 lb body weight.

IMPORTANT FEEDING INFORMATION:

- Transition horses onto this feed gradually over 14 days.
- Increase or decrease daily feed to obtain the desired growth, weight gain or body condition.
- Offer clean fresh water and plain white salt at all times.
- Weigh feed and divide feed into two or three separate feedings for best results and safety.
- Store in cool dry area away from rodents, insects and moisture.
- Do not use feed that appears old, molded, or has an unusual odor.

CAUTION: DO NOT FEED TO SHEEP OR COPPER SENSITIVE SPECIES.

INGREDIENTS: Dehydrated Alfalfa Meal, Wheat Middlings, Rice Bran, Dehulled Soybean Meal, Rice Hulls, Soybean Oil, Calcium Carbonate, Salt, Monocalcium Phosphate, Yeast Culture, L-Lysine, Dried *Enterococcus faecium* Fermentation Product, Dried *Lactobacillus acidophilus* Fermentation Product, Dried *Lactobacillus casei* Fermentation Product, Dried *Bifidobacterium thermophilum* Fermentation Product, Zinc Amino Acid Complex, Manganese Amino Acid Complex, Copper Amino Acid Complex, Cobalt Glucoheptonate, Vitamin E Supplement, Vitamin A Supplement, Vitamin D Supplement, Biotin, Sodium Selenite, Manganous Oxide, Copper Sulfate, Zinc Sulfate, Manganese Sulfate, Cobalt Chloride, Ethylenediamine Dihydroiodide, Magnesium Oxide. **Contains a source of live (viable) naturally occurring microorganisms.**
