

Performance XL™

Feed for the Equine Athlete

Shine in the show ring with Performance XL. Feed your horse to win. Performance XL will give your horse the extra competitive edge they need to shine in the show ring. Manna Pro®'s proprietary Sport Horse Nutrition Formula was designed with the equine athlete in mind.

- Calf-Manna® provides high-quality protein for muscle development
- Max-E Glo® Stabilized Rice Bran provides extra fuel and energy for hardworking horses
- 8% fat content increases the dietary energy density, decreasing the amount of feed required
- Enriched with yeast culture and probiotics, which are key for optimal digestion and enhance the palatability of the feed

GUARANTEED ANALYSIS

Crude Protein	Min	12.00%
Crude Fat	Min	8.00%
Crude Fiber	Max	8.00%
Calcium	Min	0.70%
Calcium	Max	1.20%
Phosphorus	Min	0.60%
Manganese	Min	175 ppm

Copper	Min	50 ppm
Zinc	Min	200 ppm
Selenium	Min	0.60 ppm
Vitamin A	Min	5,000 IU/lb
Vitamin D ₃	Min	375 IU/lb
Vitamin E	Min	80 IU/lb

INGREDIENTS

Wheat Middlings, Corn, Hominy Feed, Dehydrated Alfalfa Meal, Vegetable Oil, Stabilized Rice Bran, Cane Molasses, Soybean Meal, Feeding Oatmeal, Dried Whey, Linseed Meal, Brewer's Dried Yeast, Fenugreek Seed, Anise Oil, Calcium Carbonate, Monocalcium Phosphate, Dicalcium Phosphate, Salt, Magnesium Oxide, Potassium Chloride, Sulfur, Iron Oxide, Ferrous Carbonate, Ferrous Sulfate, Copper Oxide, Copper Sulfate, Manganous Oxide, Manganese Sulfate, Zinc Oxide, Zinc Sulfate, Sodium Selenite, Cobalt Carbonate, Calcium Iodate, Vitamin A Supplement, Vitamin D₃ Supplement, Vitamin E Supplement, Thiamine Mononitrate, Riboflavin Supplement, Niacin Supplement, Choline Chloride, Calcium Pantothenate, Pyridoxine Hydrochloride, Folic Acid, Biotin, Vitamin B₁₂ Supplement, *Saccharomyces Cerevisiae*, Dried *Enterococcus Faecium* Fermentation Product, Dried *Lactobacillus Casei*, Dried *Lactobacillus Acidophilus* Fermentation Product, Dried *Lactobacillus Plantarum*, Dried *Bacillus Subtilis* Fermentation Product, Dried *Aspergillus Oryzae* Fermentation Extract, Propionic Acid

Directions For Use: Performance XL is designed to be fed to mature horses along with quality hay and/or pasture. Feed Performance XL in the amount necessary to support the desired growth rate and body condition. Use 6–8 lbs of Performance XL per day as a starting guideline, adjusting as necessary to meet the needs of the horse. Always feed a minimum of 10–12 lbs good-quality hay and/or pasture and provide free-choice access to salt and water.

Change to this feed from other equine products gradually over a 5- to 7-day period. Do not overfeed or offer this product on a free-choice basis. Divide the grain ration into two or more feedings per day. Do not feed more than 0.5% of the horse's body weight in grain at any one time. Maintain a regular feeding schedule. Provide fresh, clean water, plain salt and adequate forage at all times. Do not allow hot, exercised horses free-choice access to water until they have cooled down.

Caution: This product contains supplemental selenium. Do not feed this product at levels greater than recommended or in combination with other products containing supplemental selenium if the selenium concentration of the complete diet will exceed 0.30 ppm.

Reminder: Feed is perishable. Store this product in a cool, dry area away from rodents and insects.

Warning: DO NOT offer any feed that is spoiled, moldy, rodent or insect infested, or abnormal in appearance or odor, as it may cause illness or death. This product contains supplemental copper. DO NOT feed to sheep or other copper-sensitive species.
