SU-PER[®] Sound

Support for Joint, Ligament, and Tendon Health!

Recommended to support and maintain healthy joint function.

Most products of this type focus solely on the connective tissue and cartilage found in the joint area. **SU-PER[®] Sound** works to maintain not only the connective tissues found in joints, but also in ligaments and tendons. This makes **SU-PER[®] Sound** an excellent choice for performance horses, or active horses with a history of joint issues.

In heavy training and exercise, there are often problems associated with the connective tissue that makes up joints, ligaments, and tendons; including inflammation, degeneration, and injury caused by tears in the tissue or overexertion. **SU-PER[®] Sound** is used to protect the connective tissue from damage, and provides the nutrients needed to build stronger, more resilient connective tissues.

Serious joint, ligament, and tendon injuries are often difficult to address. In some cases, the damage done is irreversible, and the horse will never regain its full athletic potential. By supplementing with **SU-PER[®] Sound**, the occurrence of connective tissue damage is greatly reduced because of the increased strength of these tissues.

SU-PER[®] Sound also helps to protect and repair tissues which are inevitably damaged through the everyday wear and tear of training, so that small tears, strains, and minor injuries heal faster and do not have the opportunity to worsen.

SU-PER[®] Sound is a very versatile supplement, addressing the needs of horses of all ages, breeds and disciplines.

Ingredients include:

Glucosamine – The main constituent of GAG's (Glycosaminoglycans), which are the building blocks of cartilage and connective tissues. Increases the healing and production of new connective tissues and cartilage, and can also decrease inflammation and damage caused by free radicals.

MSM – A natural source of bio-available sulfur. Sulfur in this form is essential for the formation and maintenance of joints, ligaments, and tendons. Also has been shown to reduce pain and inflammation.

Bromelain - A powerful anti-inflammatory which accelerates tissue repair. Assists the body's natural process of muscle and body tissue maintenance after exercise.

Wide Range of Amino Acids including Proline and Arginine – Proline and Arginine are two of the main components of collagen and connective tissue, and supplementation of these two amino acids aids in the production of new tissue. Helps in the healing process of cartilage and the strengthening of joints, tendons, and the heart muscle. It works with Vitamin C to promote healthy connective tissue.

Lysine – Aids in collagen formation, in repair of tissue, and in rebuilding muscle protein - all of which are important in recovery from injury and tissue tears.

Vitamin A, Zinc, Manganese, Magnesium, and Vitamin C – Nutrients necessary for tissue repair and the formation of new tissue.

Yucca Powder – An herbal extract which helps reduce inflammation.

CAUTIONS: Safe use in pregnant animals or animals intended for breeding has not been proven. If lameness worsens, discontinue use and contact your veterinarian. Administer during or after the animal has eaten to reduce incidence of gastrointestinal upset. An examination from a veterinarian is recommended prior to using this product.

WARNINGS: Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately. This product should not be given to animals intended for human consumption.

Product Facts			
Serving Size: 2 Ounces		Servings per container: 64	
Active Ingredients per 2 Ounces:			
Vitamin A	5,000 I.U.	Leucine	95 mg
Glucosamine HCL (Shellfish)	5,000 mg	Serine	89 mg
MSM	1,000 mg	Valine	77 mg
Glycine	830 mg	Threonine	67 mg
Bromelain	750 mg	Phenylalanine	64 mg
Yucca Schidigera	500 mg	Isoleucine	52 mg
Proline	500 mg	Zinc	50 mg
Hydroxyproline	432 mg	Hydroxylysine	32 mg
Glutamic Acid	342 mg	Vitamin B-6	30 mg
Ascorbic Acid (Vitamin C)	300 mg	Vitamin B-2	25 mg
Manganese	300 mg	Vitamin B-1	25 mg
Alanine	286 mg	Methionine	24 mg
Arginine	263 mg	Histidine	22 mg
Magnesium	250 mg	Copper	15 mg
Aspartic Acid	203 mg	Tyrosine	13 mg
Lysine	126 mg	Vitamin B-12	2,500 mcg
Inactive Ingredients: Corn Syrup, Natural Color, Natural Flavor, Sorbic Acid, Water.			

Contains a 2 month supply for one horse.

Net Contents:
1 Gallon
(3.785 liters)
