

Nu-Hoof Accelerator™: SUPPLEMENT FACTS

GUARANTEED ANALYSIS:

	Per LB	Per 2.93 Ozs
Crude Protein (minimum)	40%	40%
Lysine (minimum)	3%	2,500 mg
Methionine (minimum)	10%	7,500 mg
Crude Fat (minimum)	13%	13%
Crude Fiber (maximum)	27%	27%

Minerals:

Salt (minimum)	0.5%	0.5%
Salt (maximum)	1%	1%
Zinc (minimum)	4,352 ppm	360 mg
Manganese (minimum)	2,417 ppm	220 mg
Copper (minimum)	1,521 ppm	125 mg
Cobalt (minimum)	304 ppm	25 mg
Iodine (minimum)	11 ppm	1 mg

Vitamins:

Biotin (minimum)	109 mg	20 mg
Riboflavin (minimum)	27 mg	5 mg
Folic Acid (minimum)	54 mg	10 mg
Vitamin E (minimum)	2,700 I.U.	500 I.U.

Direct-Fed Microbials:

Total Microorganisms* (minimum) ... 60,000,000 CFU*/lb ... 11,000,000 CFU*
(Lactobacillus acidophilus,
Lactobacillus casei,
Bifidobacterium thermophilum, Enterococcus faecium)

*CFU=colony forming units

"Contains a source of live (viable) natural occurring microorganisms"

INGREDIENTS: Stabilized rice bran, Zinc methionine complex, Manganese methionine complex, Copper lysine complex, Calcium carbonate, Ground corn cobs, dl-Methionine, L-lysine, Salt, Lignin sulfonate (binder), Ground extruded whole soy beans, dl-Alpha-tocopheryl acetate (Vitamin E), Citric acid (preservative), Mixed tocopherols (preservative), Vegetable oil, Rosemary extract (natural flavoring), Lactobacillus acidophilus fermentation product dehydrated, Lactobacillus casei fermentation product dehydrated, Bifidobacterium thermophilum fermentation product dehydrated, Enterococcus faecium fermentation product dehydrated, Rice hulls, Propionic acid (preservative) Ammonium hydroxide, Acetic acid, Benzoic acid (preservative), Sorbic acid (preservative), Tartaric acid, Verxite, Silicon dioxide, Oil of orange, Wheat bran, Cobalt glucoheptonate, Biotin, Tertiary butyl hydroquinone (preservative), Riboflavin, Folic acid, and Ethylenediamine dihydriodide (EDDI).

FEEDING DIRECTIONS:

Feed 1 scoop (2.93 ounces) per horse per day.

NOTE: Scoop included equals 18 grams.
